

Indian Managers Praised for Performance

April 2011

Toll Global Forwarding recently held its third country managers' meeting in Delhi. The get-together was an opportunity for all country heads to share their first half year financial results and discuss business strategies for the coming period. The teams also awarded managers who had excelled over the last half year.

Anil Verma, Branch Manager in Bangalore received the "Excellence in overall management" award for exceeding financial goals for the first half of the year. Anish Sehgal, GM of North India and Gopal Krishnan, GM of South India received awards on behalf of their region for sales and service excellence respectively.

According to Shashi Rao, GM of India, "The company has made significant investments in infrastructure in recent times and while that will continue to be an ongoing phenomenon based on business need, it is now positioned to capitalise on those investments through solid and sustainable organic growth. We are very optimistic about the future".
