

TGF USA HQ Relocates & New Offices Opened

February 2011

Toll Global Forwarding (TGF), a leading provider of integrated logistics and freight forwarding services, today announced they have relocated to their corporate headquarters in Springfield Gardens, NY. In addition, TGF announced the opening of two new branch offices in Philadelphia and Atlanta.

The move into the new headquarters comes after TGF's recent acquisition of Summit Logistics International and FMI, Inc. In an effort to rationalize space and combine work forces, TGF was able to make the short move from their previous headquarters in Rosedale, NY to the existing FMI facility in Springfield Gardens. After some minor renovations, all of the employees from the two locations are now under one roof and the benefits are quickly paying off.

Due to increased customer demand and market growth, TGF has also opened new offices in Philadelphia and Atlanta. Both locations will offer a full range of freight forwarding services, including ocean, air and customs house brokerage services. The Philadelphia office will be managed by Mr. Paul Muncer and the Atlanta office will be managed by Mr. Max Lanci.

TGF-Americas now operates 15 offices in the United States and Canada.

Details regarding the new TGF facilities are listed below:
